

Shot on location at Panton Hill Winery, Victoria.

Retreat from the winter ahead in relaxed elegance.

Bring a little luxury into your life everyday with our classically inspired Sadée collection and Sophia sofa. Afternoon tea or an impromptu nap takes on a new level of indulgence. We've taken what we love most from the European style of relaxed, sophisticated living to create a distinctive style of casual luxury.

Inspired by country villas and holiday escapes where time seems lost, and you have found the perfect place to be.
